Dear Mr Mane-Wheoki

Ancestral Human Remains

Many thanks for your letter of 18 February commenting on Lissant Bolton's report. Your comments are appreciated.

Your letter will have crossed with mine (dated 14 February to Dr Seddon Bennington) enclosing the full dossier regarding the repatriation claim. Clearly I should add your letter to the dossier and I will do so for future use.

I look forward to receiving your comments on the dossier in the next few days.

Yours sincerely

Andrew Burnett
Deputy Director
