PRELIMINARY

1.1 The Trustees agreed the proposal of the Nomination and Governance Committee at item 1.2, that Mrs Edmée Leventis be appointed to the Board for a period of four years in succession to Dr Jennifer Montagu.

1.2 The Chairman welcomed Mrs Leventis and Ms Gooding to their first meeting of the Board.

1.3 Potential nominees for future appointment to the Board were considered. The Trustees agreed that the Chairman should pursue the appointment of the nominees discussed.

1.4 The Chairman reported that HRH The Duke of Gloucester’s term as a trustee had expired on 30 September. The Trustees warmly endorsed the proposal that HRH be invited to become the Museum’s Royal Patron. Discussion with the Royal household was ongoing as to the nature of a future Royal appointment to the Board.
1.5 The Trustees noted that Lord Moser would stand down from his role as Chairman Emeritus of the British Museum Development Trust in February 2004 and that there would be an opportunity to consider the future role of the American Friends of the Museum at a joint meeting on 11 December. The future role of the Development Trust would be discussed with Lady Dalkeith and a small group comprising trustees and management would develop policy for the management of the Board's future relations with the American Friends.

1.6 The Chairman invited the Board to consider the paper on procedures for trustee appointments and succession planning at item 1.4.

1.7 Mr Parston stated his view that the Museum had in place an effective framework for Governance, though the process for trustee appointments might be more transparent and more fully articulated in order to satisfy the most rigorous public scrutiny. In addition, the personal specifications for future trustee recruitment and the mechanism for gauging the Board’s performance, could usefully be refined to ensure that they were aligned with the Trustees’ ambitions and the Museum’s future tasks.

1.8 It was agreed that Mr Parston be invited to produce a further paper for consideration by the Nomination Committee on 15 January 2004 and to make proposals about how trustees might best move forward in this area.

MINUTES OF PREVIOUS MEETINGS AND MATTERS ARISING

2.1 MINUTES OF THE MEETING OF THE BOARD OF TRUSTEES: The Trustees agreed that the minutes of their meeting held on 27 September 2003 be signed by the Chairman as a correct record of the proceedings. Professor Kemp asked that the minute be amended to show his attendance.

ANNUAL DISCUSSION WITH TRADES UNION REPRESENTATIVES

3.1 Mr Williams presented a review of industrial relations over the previous year from the Trades Unions’ perspective. There had been an overall improvement in the relations between the Trade Unions and the Museum’s Management team due in part to the opportunity for increased engagement on a number of levels. However, there still remained scope for improving communication between the Board, the Management team and Museum staff.

The deficit reduction process had been handled with fairness and integrity and it was suggested that the principles established during the process might form a framework for future restructuring exercises. The impact on overall capacity resulting from the reduction in staff numbers achieved through the deficit reduction process, and the consequent implications for building capacity and future programmes of work, were noted. The fresh approach to the Pay and Grading Review was an encouraging sign that the Museum’s management team were now engaging in the process in a positive way. The use of consultants in the process had added significantly to the validity of the findings and their involvement had been welcomed. The Chairman thanked Mr Williams for his remarks.
